

"We started using IqDynamics' MembersLink Club Management System in 2002 and since then, they have supported us and our business needs. Over the years, IqDynamics has maintained a high level of competitiveness in the Club industry software thru their wide product range, flexibility and modularity. We have built a good rapport with the Management and Consultants, they are not just a IT vendor but a partner who makes every effort to listen to your problems and offer constructive and effective solutions."
