### CLUB MANAGEMENT SYSTEM

IqDynamics Pte Ltd has been chosen by our Club in 2000 to change our entire front-end and back-end system. The project was started in January and was completed around end of November 2000.

We are happy with the Club Management System (CMS) that was developed by IqDynamics. The CMS has helped us to provide better service to our Club member and has improved the overall productivity of our staff. The management team and technical staff of IqDynamics are very helpful and knowledgeable. They are able to meet our requirements and always accede to our change request even at the eleventh hour. The project is a success and is made possible through their relentless commitments and efforts.

We are pleased with IqDynamics's services/support to date. We look forward to a long-term working relationship with IqDynamics.

Yours sincerely,

Gary NG

Senior Executive (MIS)

On behalf of NSRCC
